The Client should seek independent advice if necessary.

4.2 The Client unreservedly acknowledges and accepts that, regardless of any information, which may be offered by the Companies, the value of any investment in Financial Instruments may increase or decrease and there is a substantial risk that the investment may become of no value. Where applicable, any general views expressed to the Client by the Companies (whether orally or in writing) on economic climate, markets, investment strategies or investments, trading suggestions, research or other such information are not to be viewed as investment advice or recommendations by the Companies and shall not give rise to any advisory relationship. Each decision by the Client to enter into a Contract for Differences or any other trading product offered by the Companies is an independent decision by the Client. The Companies are not acting as an advisor to, or serving as a fiduciary of the Client and the Companies specifically disclaims any such duties.
- 4.5 Before deciding whether to trade, the client should consider that (a) such products are complex and of high risk and is likely to lose all of the invested capital, and (b) the values of cryptocurrencies can widely fluctuate and are extremely volatile and may result in significant losses over a short period of time.

The aforesaid exchanges may have different internal policies and rules which are not subject to any regulatory supervision resulting to an uncertain trading environment that can have material adverse effect on the client's capital.
- 4.7 The trading in CFDs on Cryptocurrencies is not appropriate for all investors and as such, the client should fully consider whether trading in cryptocurrency CFDs is appropriate for them.
- 4.8 The preceding paragraph does not constitute investment advice based on the Client's personal circumstances, nor is it a recommendation to enter into any of the services or invest in any Financial Instrument. Where the Client is unclear as to the meaning of any of the above disclosures or warnings, the Client is strongly recommended to seek independent legal or financial advice.
- 4.9 The Client acknowledges and accepts that there may be risks other than those mentioned in this paragraph 4. The Client also acknowledges and accepts that he has read and accepted the "[Risk Disclosure](#)" document, which is available in the Legal Documentation section of the Main Website at <https://www.ironfx.co.za/en/download-center/legal-documentation>.

6 Client Instructions and Orders

- 6.1 The Client understands and confirms that all orders received by IronFX SA from the Client for transmission to IronFX UK for execution are orders for execution outside a Regulated Market or MTF. The transactions entered by the Client will be placed and executed in accordance with the Company's Instant [Order Execution Policy](#), which is available at <https://www.ironfx.co.za/en/download-center/legal-documentation>.
- 6.2 The Client can open and close a position via the Trading Platform or by placing orders with IronFX SA and can add or modify orders by placing "buy limit", "buy stop", "sell limit", "sell stop", "stop loss" and/or "take profit" orders on any Financial Instrument.
- 6.3 The Client's orders are executed at the Bid and Ask prices that are offered by the Company. The Client places his instant execution request at the prices he sees on his client terminal and the execution process is initiated. Due to the high volatility of the market as well as the internet connectivity between the Client terminal and the server, the prices requested by the Client and the current market price may change, during this process. In this event, the Company has the right to decline the Client's requested price and offer a new quote to the Client, which he can either accept or reject.
- 6.4 The Client has the right to use a Power of Attorney to authorise a third person (representative) to act on behalf of the Client in all business relationships with the Companies as defined in this Agreement. The Power of Attorney should be provided to the Companies accompanied by all identification documents of the representative. If there is no expiry date, the Power of Attorney shall be considered valid until the written termination by the Client.
- 6.5 The Companies shall record telephone conversations, without any prior warning (unless required to give prior warning by Applicable Regulations), to ensure that the material terms of a Transaction and/or order placed by the Client and/or any other material information relating to a Transaction are properly recorded. Such records shall be the property of the Companies and shall be accepted by the Client as evidence of his orders or instructions. The Companies may use recordings and/or transcripts thereof for any purpose which it deems desirable. Copy of the records obtained under this clause may be available for a period of 7 years in total inclusive the 2 years' period where requested by the FCA.
- 6.6 The Client acknowledges that IronFX UK has the right to refuse accepting orders and/or instructions by IronFX SA and/or the Client when they are not clear or during the following cases: opening a position, closing a position, modifying or removing orders.
- 6.7 In addition, the Client acknowledges that IronFX SA has the right to refuse to accept any orders for transmission to IronFX UK or any other instructions by the Client.
- 6.8 If any underlying asset of the Financial Instrument becomes subject to possible adjustments as a result of any of the events set out in sub-clause 6.9 (referred to as "Corporate Event"), IronFX UK will determine the appropriate adjustment, if any, to

be made to the opening/closing price, size, value and/or quantity of the corresponding transaction (and also the level or size of the corresponding orders). This action is made in order to (i) account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate Event, and/or (ii) replicate the effect of the Corporate Event upon someone with an interest in the relevant underlying security, to be effective from the date determined by IronFX UK.

- 6.9 The events to which sub-clause 6.8 refers to are any of the following, by the declaration of the issuer of a security:
- a) a subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of bonus shares to existing shareholders, capitalisation or share split or reverse share split or similar event;
 - b) a distribution to existing holders of the underlying shares or additional shares, other share capital or securities, granting the right to payment of dividends and/or proceeds from the liquidation of the issuer equally proportionate to such payments to holders of the underlying shares, securities, or warrants granting the right to receive or purchase shares for less than the current market price per share;
 - c) any other event regarding shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of shares;
 - d) any event analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of any security not based on shares; or
 - e) any event that is caused by a merger offer made regarding the company of the underlying asset.
 - f) earnings announcements.
- 6.10 If any underlying asset of the Financial Instrument becomes subject to a specific risk resulting in a predicted fall in value, IronFX UK reserves the right to restrict short selling or even withdraw the specific Financial Instrument from the Trading Platform.
- 6.11 Determination of any adjustment or amendment to the opening/closing price, size, value and/or quantity of the Transaction (and/or the level or size of any order) shall be at IronFX UK's sole discretion and shall be conclusive and binding upon the Client. IronFX UK shall inform the Client of any adjustment or amendment via its internal mail as soon as is reasonably practicable.
- 6.12 In the case where the Client has any open positions on the ex-dividend day for any of the underlying assets of the Financial Instrument, IronFX UK has the right to close such positions at the last price of the previous trading day and open the equivalent volume of the underlying Financial Instrument at the first available price on the ex-dividend day. In this case, IronFX SA will inform the Client via the internal mail of the said adjustment and no Client consent will be required.
- 6.13 The Client acknowledges that orders shall be executed at the bid and ask prices that are offered by IronFX UK. Due to the high volatility of the market as well as the internet connectivity between the Client terminal and the Companies' server, the prices requested by the Client and the current market price may change in the period between the Client placing his order with IronFX SA and IronFX UK executing the

order upon receipt from IronFX SA. The Client acknowledges that in the case of any communication or technical failure as well as any incorrect reflection, on the quotes feed (i.e. prices to freeze/stop updating or price spikes), IronFX UK reserves the right not to execute an order or, in cases in which the order was executed, to change the opening and/or closing price of a particular order or to cancel the said executed order.

- 6.14 Considering the levels of volatility affecting both price and volume, the Company is constantly seeking to provide client orders with the best execution reasonably possible under the prevailing market conditions. Client's orders (Buy/Sell, Buy Limit, Buy Stop, Sell Limit, Sell Stop, Stop Loss and/or Take Profit) are executed at the requested/declared price. However, during periods of volatile market conditions, during news announcements, on opening gaps (trading session starts), or on possible gaps where the underlying instrument has been suspended or restricted on a particular market, Buy/Sell Stop and Stop Loss orders may not be filled at requested/declared price but instead at the next best available price. In such case, Take Profit orders below/above Buy Stop/Sell Stop orders or Stop Loss orders above/below Buy Stop/Sell Stop orders during activation will be removed. The same execution policy applies when a trading strategy is deemed as abusive, because it is aiming towards potential riskless profit or another strategy deemed by the Company to be abusive. Accordingly, placing a Stop Loss order will not necessarily limit the Client's losses at the intended amount. Conditional upon a client informing the Company in advance of linked trading accounts with the Company to be used for a hedging strategy within those accounts (i.e. mirror accounts) the Company will not consider hedging activity in those mirror accounts as an abusive trading strategy.
- 6.15 The Companies shall not be liable for any delays, inaccuracies or other errors in the transmission of any order, instruction or information (whether from the Client to IronFX SA or from IronFX SA to IronFX UK, or vice versa) due to any cause beyond the reasonable control of the Companies. Delays can be caused by various reasons depending on the current market conditions (e.g. high market volatility) as well as a slow/weak internet connection (e.g. between the Client's terminal and the Companies' server).
- 6.16 Considering the volume of the Client's order and the current market conditions, IronFX UK has the right to proceed with partial execution.
- 6.17 IronFX UK has the right at its discretion to increase or decrease spreads of Financial Instruments depending on the current market conditions as well as the size of the Client's order.
- 6.18 The swap rate is mainly dependant on the level of interest rates as well as IronFX UK's fee for having an open position overnight. IronFX UK has the discretion to change the level of the swap rate on each Financial Instrument at any given time and the Client acknowledges that he will be informed by the Main Website. The Client further acknowledges that he is responsible for reviewing the contracts specifications located on the Main Website for being updated on the level of swap rate prior to placing any order with IronFX SA. In addition, the Company reserves the right to amend the swap values of a specific Client in case of any suspect of a trading abuse.

IronFX UK reserves the right to disable and/or enable swap free trading for Client's trading account at any given time. This can occur at times where the Client abuses the Companies trading conditions/systems or where the Client's trading strategy imposes a threat to the IronFX UK's trading facility or where IronFX UK deems necessary in order to protect the smooth operation of its trading facility. The Client further acknowledges that swap free applies for 10 calendar days only. Therefore, swap free accounts holding a position open for more than 10 calendar days, will be credited or debited swap accordingly.

- 6.19 All orders are placed in lot sizes. A lot is a unit measuring the Transaction amount and is different per each Financial Instrument. The minimum volume size for all Financial Instruments is 0.10 lot for premium and 0.01 for standard accounts, except for contracts for difference on US and UK shares which is 10 lots. The Client further acknowledges that he is responsible for reviewing the Contract Specifications located on the Main Website for being updated on the level of swap rate prior to placing any order with IronFX SA.
- 6.20 The Client can at any time request IronFX SA to transmit to IronFX UK an order to change his account leverage. The Client acknowledges that IronFX UK has the discretion to change the Client's trading account leverage at any given time, without the Client's consent, either on a permanent basis or for a limited period of time. Such an event shall be disclosed to the Client by the Companies via its internal mail or by email.
